

# 18<sup>th</sup> May 2010 Board meeting

skiptonbidltd@btinternet.com

## Skipton in Bloom

- The allocation to Skipton in Bloom has been increased for this year to enable more hanging baskets than ever to be placed in the town. We look forward to seeing a colourful display this summer.
- The planting of tubs and containers has already commenced in the bus station.

## Income from Levy Payers

- The money has started to come in following the delivery of this year's invoices, without which the projects in the BID business plan could not be completed
- Thank you to all who have paid the BID levy.

## Survey by Craven College

- You will see students from Craven College out and about on the High Street and in the car parks week commencing 7<sup>th</sup> June. They will be asking visitors questions such as; why they have come to Skipton? and what form of transport they used to get to Skipton? When the survey is completed they will assess their findings and present the information to the board. The information will be used to aid decisions that need to be made about the best approach when marketing Skipton.

## Ongoing projects

- Signs to guide people around the town are still being developed.

## AGM

- The AGM is to be held on Tuesday 15<sup>th</sup> June 2010 at Herriots Hotel on Broughton Road commencing at 6pm.
